

**A BSI TS16949 & ISO 14001 Registered Company**

**Units 5-6, Arden Business Park, Arden Road, Frankley, Birmingham, B45 0JA, England**

Strip Tinning Ltd is involved in the metal processing of materials for the automotive and photovoltaic markets. You can find out more about us by reviewing [www.striptinning.com](http://www.striptinning.com)

Operating since 1957, we employ 15 people, export 90% of our product, have ISO TS 16949 quality standard and EN 14001 environmental standard.

We currently have two vacancies for people to be fully trained as a machine operator, which involves loading plain copper reels on to a machine, and feeding through and rewinding. The equipment is semi-automatic, is being improved all the time and requires a good level of hands on skill and attention to detail. You will work five shifts of 6am-2pm, 2pm-10pm, and 10pm-6am.

The starting pay rate for this is £18,000 pa. Overtime is paid at £10/hr, which is available in the week and at weekends. After 6 months you will be given Norwich Union Private Health Care and will join the company Profit Share Bonus Scheme - a bonus is paid at the end of each ¼, according to company performance – this is not guaranteed, but in 2008 was £3000 per annum and £5000 per annum in 2009. You will be issued with corporate clothing and will receive 20 paid holiday days per year.

You need good mental arithmetic (O-level/GCSE) and good standard (O-level/GCSE) English writing and reading. You also need a good level of computer literacy. You will be tested on these skills during the interview. You are also expected to have a driving licence.

Strip Tinning is a clean modern industrial building with free parking.

Should this type of work be of interest to you please request an application form by email only from [tw@striptinning.com](mailto:tw@striptinning.com). Please then complete the application form on your computer, and email it back (again to [tw@striptinning.com](mailto:tw@striptinning.com)).
