

# STRIP TINNING AUTOMOTIVE

## Quality Policy

- We are committed to a Quality Policy to ensure a high standard of service to meet customer requirements. To achieve this, we recognise the need to have planned, effective management working to a quality system that meets the criteria of ISO TS16949 (ed.2009).
- It is the specific responsibility of the top level Management to ensure a programme of continual improvement by setting measurable quality objectives and to provide adequate resources to analyse and review all aspects of the quality system and published results.
- All procedures in the manual and supplementary Operating Processes have been approved by the undersigned and it is the express responsibility of senior staff to ensure that Strip Tinning Personnel are aware of, and work to, the quality policy and procedures.
